#### **Global Payments Reports Fourth Quarter and Fiscal 2005 Earnings**

ATLANTA, July 20, 2005 — Global Payments Inc. (NYSE: GPN) today announced results for the fourth quarter and fiscal year ended May 31, 2005. For the fourth quarter, revenue grew 14 percent to \$207.7 million compared to \$181.8 million in the prior year. Excluding restructuring and other charges and a prior year gain on sale of investment, net income grew 44 percent to \$25.9 million compared to \$18.0 million in the prior year quarter, and diluted earnings per share grew 39 percent to \$0.64 compared to \$0.46 in the prior year quarter.

For the fiscal year, revenue grew 25 percent to \$784.3 million compared to \$629.3 million in the prior year period. Excluding restructuring and other charges and a prior year gain on sale of investment, net income grew 40 percent to \$95.3 million from \$68.1 million in the prior year, and diluted earnings per share grew 37 percent to \$2.39 from \$1.75 in the prior year.

In accordance with GAAP, current and prior period net income and diluted earnings per share include certain restructuring and other items (see attached reconciliation schedules). Fourth quarter GAAP net income and diluted earnings per share were \$23.5 million and \$0.58, respectively, compared to \$15.2 million and \$0.39, respectively in the prior year quarter. For fiscal 2005, GAAP net income and diluted earnings per share were \$92.9 million and \$2.33, respectively, compared to \$62.4 million and \$1.60, respectively in the prior year.

A component of Global Payments' strategy is to consolidate management functions and maximize operating efficiency. As such, the company recognized \$3.7 million (\$2.4 million, net of tax) in restructuring and other charges during the quarter primarily relating to employee termination benefits, of which \$2.7 million is non-cash. Further, the company has committed to a plan to consolidate an operating center into other existing locations. The company expects to complete this plan during fiscal 2006 and to incur additional restructuring charges of approximately \$3 million related to this effort.

#### GPN Reports Fourth Quarter and Fiscal 2005 Earnings July 20, 2005 Page 2

For fiscal 2005, the company's tax planning initiatives and strong international growth resulted in a lower than expected effective income tax rate of approximately 36.5%. In comparison to its initially expected income tax rate of 37.0%, this change added \$0.02 in diluted earnings per share for the quarter. The company expects an effective income tax rate of 35.8% during fiscal 2006. Also during the quarter, the company began reporting minority interest net of income taxes for all current and prior year periods, which management believes is a more common practice.

#### **Comments and Outlook**

Chairman, President and CEO, Paul R. Garcia, stated, "We are proud of our fiscal 2005 accomplishments and are delighted with our financial results. Our success this year was primarily driven by our consumer money transfer channel and our Central and Eastern European operations. Our domestic and Canadian direct channels also achieved strong revenue expansion, largely due to re-pricing initiatives, ISO growth, and a favorable Canadian currency exchange rate. Lastly, we gained significant operating leverage this year from increased economies of scale and successful consolidation efforts. For our fiscal 2006, we are providing annual revenue guidance of \$839 million to \$870 million, or 7% to 11% growth versus \$784 million in fiscal 2005 and annual diluted earnings per share guidance of \$2.67 to \$2.79 for growth of 12% to 17% versus diluted earnings per share of \$2.39 in fiscal 2005, excluding restructuring and other items (\$2.33 in fiscal 2005 on a GAAP basis)."<sup>1</sup>
