Global Payments Reports Second Quarter Earnings

ATLANTA, December 22, 2005 — Global Payments Inc. (NYSE: GPN) today announced results for its second fiscal quarter ended November 30, 2005. The company's prior period earnings per share results and share amounts reflect the retroactive effect of its two-for-one stock split, which was completed through a stock dividend that was distributed on October 28, 2005.

For the second quarter, revenue grew 17 percent to \$219.7 million compared to \$188.5 million in the prior year quarter. Excluding restructuring charges in the current quarter (see attached reconciliation schedule), net income grew 33 percent to \$31.3 million compared to \$23.6 million in the prior year quarter, and diluted earnings per share grew 27 percent to \$0.38 compared to \$0.30 in the prior year quarter.

In accordance with GAAP, current quarter net income and diluted earnings per share include restructuring charges of \$1.0 million (\$0.7 million, net of tax) and \$0.01 per share, respectively, relating to the completion of a planned operating center consolidation, which was announced in July 2005. These charges consisted of employee termination benefits and facility-related closing costs. Second quarter GAAP net income and diluted earnings per share were \$30.6 million and \$0.37, respectively.

For the six months ended November 30, 2005, revenue grew 17 percent to \$444.1 million compared to \$381.1 million in the prior year period. Excluding restructuring charges for the six months ended November 30, 2005 (see attached reconciliation schedule), net income grew 31 percent to \$62.6 million from \$47.8 million in the prior year period, and diluted earnings per share grew 28 percent to \$0.77 from \$0.60 in the prior year period.

For the six months ended November 30, 2005, GAAP net income and diluted earnings per share were \$61.4 million and \$0.75, respectively. These results include restructuring charges of \$1.9 million (\$1.2 million, net of tax) relating to the consolidation plan discussed above.

Comments and Outlook

Chairman, President and CEO, Paul R. Garcia, stated, "We are pleased to report solid

-More-

second quarter financial results, which were largely due to a continuation of the positive trends we observed during our first quarter. Namely, our North American direct merchant channels achieved strong results, primarily due to ISO growth in the U.S., re-pricing initiatives in Canada, and a favorable change in the Canadian currency exchange rate. We also continue to benefit from strong performance in our consumer money transfer channel and our Central and Eastern European operations. Based on our results, we are raising our fiscal 2006 annual revenue guidance to a range of \$877 million to \$892 million, or 12% to 14% growth versus \$784 million in fiscal 2005. We are also raising our fiscal 2006 annual diluted earnings per share guidance (excluding restructuring and other charges in the current and prior fiscal year) to a range of \$1.41 to \$1.47 for growth of 18% to 24% versus \$1.19 in fiscal 2005."
